## **Statement**

### **Colorado State University System Board of Governors, Chair Patrick McConathy**

December 4, 2009

Today the Colorado State University System Board of Governors approved a motion directing the presidents of each CSU campus to develop and implement their own weapons control policies to be presented to the Board at its February 2010 meeting.

We respect that there are many differing opinions on this issue, but members of the CSU System Board believe this is a reasonable, rational, and responsible decision for our system.
