Colorado State University System Statement

April 15, 2010

The Colorado State University System was informed of the decision late this morning. CSU's General Counsel is reviewing the court case and decision and will provide legal advice to the Colorado State University Board of Governors and the Colorado State University System campuses. Weapons policies on the campuses have not yet been implemented. The board had directed the campuses to implement their individual weapons policies by August 1, 2010, leaving the board and campuses some time to determine appropriate next steps.
